

# BRUMIDI GROUP GIVES BACK

## 2025 RECAP

In 2025, Brumidi Group continued our efforts with Brumidi Group Gives Back (BGGGB) to (1) serve and invest in our communities; (2) activate our team; and (3) lead others to engage. This year, we contributed financially as well as volunteered in our community.

### PARTNERSHIPS

### VOLUNTEER ACTIVITIES

During 2025, the Brumidi Group team volunteered in our local communities

We look forward to finding new opportunities to give back in the areas that matter most to us. Please reach out if you're interested in joining our team at a future event or have service opportunities that we should consider.

In 2025, Brumidi Group partnered with Thrive DC to create the Arts at Thrive program. Throughout the year, local artists performed for Thrive clients. From a talented violinist to a West African drumming circle to a saxophone performer, we were thrilled to play a part in bringing art to the community.
